Botanical Plants

Hold the Secret of Life and Death.

Recent experiments conducted by most eminent scientists, prove that light is a great remedial agent; it is essentially Nature's agent. It may be either sunlight or electric light, but it has a decided effect in helping nature to banish disease and restore health. Other scientific men have proved that oxygen electrifies the heart and can prolong life.

The people on this earth are susceptible to some laws which govern plant life. A plant cannot be successfully grown in the dark. A man is seldom healthy and strong who lives in the dark or in sunless rooms. After all, Nature's ways are found to be the best. Nature's remedies are always best for eradicating disease, and by this we mean a medicine made of roots and herbs. They are administered in the stomach and taken up by the blood and are, therefore, the most potent means which can be employed for the regaining of lost health. Dr. R. V. Pierce, consulting physician to the "Invalide" Hotel and Surgical Institute, at Buffalo, N. Y., in many years of extensive practice, found that he could pin his faith to an alternative extract of certain plants and roots for the cure of all blood diseases. This he called Dr. Pierce's Golden Medical Discovery. Containing no alcohol nor narcotics, entirely vegetable, this "Discovery" makes rich red blood and is a powerful tissue-builder, giving the tired business man or woman renewed strength and health. Rapidly growing school-boys and boys often show impoverished blood by the pimples or boils which appear on face or neck. To eradicate the poisons from the blood, and feed the heart, lungs and stomach on pure blood, nothing is so good as Dr. Pierce's Golden Medical Discovery.

Don't allow the dealer to insult your intelligence by offering his own blood remedy to you instead of this well-known preparation of Dr. Pierce's. Ten chances to one he will substitute a cheap compound having a large percentage of alcohol in it. Dr. Pierce's Pills are the best for the bowels. Use them with the "Discovery."

The Monroe Doctrine.

Professor Muensterberg, of Germany, has written a two-volume book, "The Americans," which a Berlin publisher will bring out next week. The newspapers print extracts from it. In a chapter on the Monroe Doctrine the author says he thinks the time is near when the absurdity of the doctrine will be seen and the rejection of it will proceed as rapidly as the adoption of imperialism by the masses of the people and adds, "for a nation cannot permanently run counter to its highest interests for the sake of caprice." The Professor argues that the conditions no longer exist which gave rise to the doctrine—namely, the contrast between Europe as the land of tyranny and America as that of democratic freedom. Americans know that the west European nations have popular representation, while they know still better that the Latin American republics, except Argentina, Chili and Mexico, are most repulsive caricatures of liberty and democracy. Americans no longer feel themselves called on to protect blackmailing South American republics from the invasion of the European political system. Furthermore, the second original argument for the doctrine—namely, the political safety of the United States, no longer exists. On the contrary, superstitious adherence thereto is one of the most dangerous factors for the United States' peace. European colonies in South America would cause as little trouble for the United States as the colonies in Africa. Professor Muensterberg says the doctrine has grown hollow, and that the best interests of the United States demand its abandonment, so far as South America is concerned. He adds:

"The United States' interests demand the rapid development of that continent, for the promotion of American export trade. The maintenance of the doctrine there will only protract its wretched economic impotence, since the politicians of those countries know that Europe can undertake nothing against them so long as the Washington government protects them. If the United States continues to assert the doctrine it cannot escape the reproach of promoting anarchy and hindering the progress of one of the richest continents. The above arguments apply only to South America. The canal gives the United States real interests in Central America. However, Europe must for the present continue the policy of hands off till the doctrine dies a natural death in the American mind."

Will Fight to Finish.

A dispatch from St. Petersburg says it is authoritatively announced that the talk of mediation in the Russo-Japanese war was founded upon the personal desires of King Edward and King Christian of Denmark to avoid further bloodshed and end the conflict, but that the steps initiated have utterly failed. The Emperor, with the full concurrence of the imperial family and his advisers has firmly decided not only to reject all proposals looking to intervention, but to prosecute the war with all the resources of the empire until victory crowns the Russian arms, and then when the time comes for peace to make terms directly with the enemy. The interference of outside powers will not be tolerated. There is to be no repetition of the Berlin Congress. It is further stated that Russia will in no wise consider herself bound by the propositions made to Japan prior to the war. The hostilities Russia offered to make with Japan regarding Korea and Manchuria, Russia will consider herself free to impose such terms as she desires.

Ten days ago a dispatch from Tokio printed in St. Petersburg stated that Japan in full possession of Korea might possibly be willing to stop the war on the basis of the existing situation. This dispatch attracted little attention at the time, but it is now thought possible that it might have had some connection with the movement for mediation.

It is apparent to every keen observer that the Russian people are not in a temper to consider peace. They are thoroughly aroused by a desire to avenge the losses and humiliations they have sustained, and even if the Emperor himself, absolute monarch as he is, were disposed to listen to propositions to end the war at this juncture, he would do so against the almost unanimous protest of his subjects.

Preparing for Tyner-Barrett Trial.

Mr. Morgan H. Beach, United States district attorney for the District of Columbia, returned to his office yesterday, much benefited in health, after a brief visit to his country home in Loudoun county. Mr. Beach at once began preparations for the Tyner-Barrett trial, growing out of the Postoffice Department frauds, which has been set for next Monday in Criminal Court No. 1.

In addition to the United States attorney, his chief assistant, Mr. Hugh T. Taggart, and Attorney Holmes Conrad, special counsel, will represent the government at the trial. Attorney A. S. Worthington will appear for Messrs. Tyner and Barrett.

A Great Satisfaction.

There was a big sensation in Leesville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1.00. Guaranteed by E. S. Leadbeater & Sons, druggists. Trial bottle free.

How to Ward Off an Attack of Rheumatism.

"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan county, West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment. For sale by Richard Gibson.

Agents wanted to supply people with GOLDEN CURE ALEXANDRIA MINERAL WATER. Nothing of the kind superior to it on the market. Tested and found for seven years with consent of doctors and druggists, and recommended by all who have used it for medicinal purposes as being the real thing and the healthiest drinking water.

Mr. and Mrs. W. B. Robinson's statement: Alexandria, Va., April 14, 1904. We lived with our family of eight children for seven years at 911 Wolfe street. After the men put down a lot of pipe in the ground the water came up in the yard and the children and we had no sickness while we drank it. We declare we found it good and healthy and the neighbors remarked that our children looked remarkably ruddy. We are now applicants to get back so as to have the benefits of the water. W. B.
